## Workshop and Conference

Nov 2024 Banking Solvency Stress Testing Workshop

I became one of the speaker in the technical workshop on the stated topic above. The workshop covers the concept on transmission of risk towards bank's income statement and balance sheet variables, generating macroeconomic scenarios and shocks, data collecting using bloomberg bql function, and data processing using stata. The audience of the workshop are the staff of the KSSK Secretariat. This workshop is a part of Prospera's technical assistance to the capacity building for the staff at the KSSK Secretariat.

Feb 2024 Financial Regulatory Arrangements and Coordination Mechanism Workshop

Presented the stated topics with the KSSK Secretariat staff as the audience. The workshop covered topics on the landscape of financial sector interlinkages, regulatory interlinkages, and inter-departmental governance coordination best practices from various countries. This workshop is a part of Prospera's technical assistance to the capacity building for the staff at the KSSK Secretariat.
